Comapany Address

SUBJECT :

APPLICATION *for [Job Position Name]*

I am writing to express my keen interest in the [Specific Role] position at [Company Name], as advertised on [Platform]. With a strong academic background, practical web development experience, and growing expertise in Data Structures and Algorithms (DSA), I am confident in my ability to contribute effectively to your team.

I completed my schooling in Jaipur, achieving 98% in Class 10 from SSN School and continuing my education at V.V.S. School for Class 12. After securing 90 percentile in JEE Mains, I joined Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT), Jagatpura, Jaipur, to pursue a B.Tech in Computer Science.

In my first year, I built a strong foundation in C programming and Object-Oriented Programming (OOP) concepts. I also completed an internship in Web Development, where I worked on a travel website, enhancing my knowledge of HTML, CSS, and JavaScript, and improving my understanding of teamwork and user-focused design.

Currently, I am learning Java, Data Structures and Algorithms, and Back-End Development, regularly practicing coding problems to sharpen my logical and problem-solving skills. I have also explored AI Prompt Engineering, and good in proble solving.

I am a passionate learner with good analytical and technical skills, eager to apply my abilities to innovative projects at [Company Name].

Thank you for considering my application.

Sincerely

Durgesh Sharma
